Game seasons told

The usual three split dove seasons will be in effect this year the Mississippi Game and Fish Commission announced Tuesday. The commission had previously said it would eliminate one split this year.

The first season is from noon on Sunday, Sept. 9, and closes at sunset Sunday, Oct. 1. The second is from noon, Oct. 20 to sunset, Nov. 19, and the third from noon Dec. 22 to sunset Jan. 14. Daily bag limit is 12, possession 24.

The season for woodcock opens Dec. 1 and closes Jan. 31 with shooting hours from one-half hour before sunrise until sunset; bag limit five, possession 10. Seasons on day, clapper, corn, Virginia and yolk, low ratio is from Oct. 14 through Dec. 22, shooting hours are the same as woodcock with a daily bag and possession limit of 15 and 30 respectively, singly or in the aggregate of all species. Wilcox's snipe: Dec. 1 through Jan. 15, same hours as woodcock, and daily bag and possession limits eight and 16.

A special nine-day season on teal duck was announced by the Louisiana Wildlife and Fisheries Commission, it runs from Sept. 22 through Sept. 30 but hunters should obtain their permits before the cut-off date of Aug. 23.

Four fires keep Bay force busy

Fire Chief Walter Soucier reported the Fire Department answered four calls over the weekend.

Furniture and other items stored in a shed at 122 Bay Oaks were heavily damaged by fire reported by Mrs. Wanda Weidner at 8:05 p.m. Friday. The shed, property of John W. Kerkman, was slightly damaged. Chief Soucier said, a booster line, was used to extinguish the fire. Floyd Pego was on duty when the call was received.

A motor home at the Clyde Craig home, 426 Main St., was damaged about 8 p.m. Friday. John Rutherford, Jr., who reported the fire, pulled the fire from the shed and the blaze was out when firemen arrived, according to Soucier.

The back seat of an automobile belonging to Mrs. Louise Martin was slightly damaged Saturday at Main Street and U.S. 90, at 1:30 p.m. The car was owned by Mrs. Wanda Weidner.

Furniture, clothing and other items were damaged to the extent of approximately \$650, Chief Soucier stated, in a blaze at 3:55 p.m. Saturday at the Walter F. Whavener home, 238 Washington St. The fire was put out by a booster line with a two and one-half inch hose.

Chief Soucier stated he has been working on the water main line from the water tower to the school.

Newlyweds are feted

Ensign Warren K. Traub, Jr., and his bride were honored at a reception Sunday afternoon at a reception Sunday afternoon hosted by his parents, Mr. and Mrs. Traub, at their Danbar Avenue home.

The lawn, colorful with colorful, white gladioli and yellow pansy chrysanthemums decorated the tables.

Mrs. Alex Coulange, II of New Orleans and Mrs. Anna Russo of Poplarville, owner of the groom, presided at the reception. Misses Valda Piccola, Susan Clark and Kathleen McAuley were the bridesmaids.

A large number of local friends called during the afternoon.

Echoes

Mr. and Mrs. Larry Tangulo and children, Ricky, Jeffery and Tommy of Coquigton, Tex., have spent the last two weeks with her parents, Mr. and Mrs. Walter Tangulo of Gladstone Street.

James Ballard, co-manager at T&Y Family Center, underwent surgery Monday at Hancock General Hospital.

Thomas Jefferson of Gulfport has joined T&Y Family Center here as a manager.

Mr. and Mrs. Gabriel M. Fournier and children have returned from a vacation trip to the Great Smoky Mountains in North Carolina.

Mr. and Mrs. Warren Klein of New Orleans and their niece, from College Park, Ga., have been guests of Mr. and Mrs. James Buhler and son, Butch, at the summer home of Mrs. Buhler's parents, Mr. and Mrs. George Brauner, on North Beach. Also spending some time there have been Mr. and Mrs. H.W. Balaam, Mrs. Buhler's daughter, and Mrs. Hazel Buhler, all of New Orleans.

Rail strike felt little in Hancock

The national railroad strike Monday and Tuesday affected Hancock County slightly and all was back to normal yesterday.

Two areas of operation did feel the pinch, the Postoffice and the pulpwood industry.

Postal authorities refused to accept parcels addressed to destinations further away than 150 miles on Monday and Tuesday but from Friday and air mail deliveries were unaffected. Any impact in the parcel delivery was limited to the fact that mail was not being sent this week-end.

Locally, all mail moves by truck but from Jackson to Chicago, the long distance parcel route, the railroad still serves.

In the industrial picture, Sam Whitfield Lumber Co. was running short of cars at Lake Charles, to haul cut pulpwood to the mill, but Claude Yar-

Road diggers cut Standard phone line

Full service was restored by 4 p.m. Tuesday to 211 subscribers of the Standard telephone exchange who had been unable to place or receive calls beyond their community since 11 a.m. that day.

A road digging machine accidentally cut through the main trunk line between there and Pass Christian to effectively isolate the community.

In town calls were not affected by the break and Standard exchange subscribers maintained their normal level of calls but they were to each other trying to find out where the trouble originated.

TO THE CITIZENS OF BEAT 1, 2, 3, 4 and 5
 OF THE SUPERVISOR'S DISTRICT
 OF HANCOCK COUNTY.

I am taking an honest, realistic approach to problems facing Hancock County. The 12 Planks of my platform are sound measures which can be enacted without disrupting the fiscal integrity of Hancock County — meaning no increase of taxes will be necessary.

Now as your Board of Supervisor of Beat 5, my goal will be to bring Hancock County up to the level of our adjoining Counties in every department to compete economically and educationally.

I will sincerely appreciate your Vote and Influence for Cornelius J. Ladner for Board of Supervisor of Beat 5, Hancock County.

See major virus threat from skeeters

A potential threat exists on the Gulf Coast for a virus infection in humans to reach epidemic proportions before being recognized, according to Fred Hardin, entomologist, and Miss Beverly Ethridge, biologist, at the Mississippi Test Facility.

In a talk to the Gulf Regional Planning Commission on Tuesday in Long Beach, the scientists said no adequate facility exists in Mississippi for early identification of virus infections such as encephalitis. All samples must now be sent elsewhere for analysis making it possible for an epidemic to be well underway before being properly diagnosed, they said.

After making a presentation of the mosquito control activities within the limits of the rocket booster test site, Hardin told of the potential threat of diseases in humans, transmitted from wildlife by mosquitoes.

The value of the 1950s was not all time, but it was a time when the economy was growing and the country was becoming more united.

By JAMES SAGGUS
Associated Press Writer

The Mississippi Supreme Court held Oct. 3 a Scott County supervisor worked hard county road equipment for projects on private property and must reimburse the costs to the county.

The ruling came in the suit of taxpayer Kent Saxon against Nathan Harvey, president of the County Board and supervisor from Beat 2, Scott County. Harvey had ruled in favor of Saxon and Saxon appealed to the Supreme Court.

The suit alleged four instances of work for private landowners in neighboring Newton County and 12 in Scott itself.

The largest set out by Saxon were at the Scott County land of Robert E. Gandy, where a gravel road and cans for chicken houses, and on the Scott County land of Central By-Products Co., involving a road linking the plant with U. S. 80.

Saxon alleged the Gandy project cost \$3,000 and the central project \$5,000.

The chancellor found "the evidence submitted wholly and completely fails to meet the burden of proof required to establish the roads which are the basis of this suit are not

However, in an opinion by Justice Norville Patterson, the Supreme Court said the chancellor erred in holding Saxon failed to prove several of the allegations and had overstated calculations of Harvey and others "substantially to the point that the equipment and machinery used was on private property. There is no attempt to show Harvey to justify his calculations in Newton County," the opinion said.

By law limits the work of supervisors to their own counties.

On several projects, the court said it found the charges of materials, machinery, materials and employees "were substantially supported by the evidence and the county is liable for them."

By-Products Company Road, the court said, was the best "thoroughly researched and the best business way that can be shown to be a fair and equitable way."

Yet, what it must be "nounced," Patterson said, "it is beyond the pale of the law since it is not in harmony with the regulations prescribed by the legislature."

The court upheld the two court decrees in six of the projects set out by Saxon, but

Chamber to meet in Pearlington

The board of directors of Hancock County Chamber of Commerce at its session Monday night tentatively scheduled the Sept. 15 meeting in Pearlington. In addition to the board, Chamber members, particularly in the Pearlington area, are urged to be present.

The location was chosen from the several places in Bay St. Louis in furtherance of the chamber's aim of trying to develop the whole county.

In other action board president Wendell Wilson Webb appointed a community development committee composed of Gerald Cox, Fred Hargland, Joseph Schaff and Joe Korn. Adm. Edward Boyer, USNR, informed the board that the question of height and width tolerances for the Interstate 1-10 bridge over Jourdan River would be taken up soon at a meeting in Mobile of the Army Corps of Engineers.

plished. These facilities were built into the Murphy School at time of construction as trustees felt expansion was inevitable.

The Pearlington school was opened later last fall and the new wing will be built to the north of the present structure on the end of an 80 foot covered walkway. Conducts in the roof of the walkways will carry heat and electrical service.

The classrooms will each be 32.8 feet by 24 feet and open into a central hallway.

Estimated to take about three months to build the wing's roof will be pitched to match the existing classroom building and, because of its location, construction noise will not affect full classroom work.

Again planning for expansion Wagner said further additions could be added in a simple and orderly fashion.

Also with an eye on the future, trustees fixed the location of their proposed gymnasium at the site. It will ultimately be to the west of the new classroom building with its own walk to the new covered walkway.

state for the city. In May, 1966, the total was \$7,137.90.

The annexation ordinance which increased the city's boundaries by about four square miles, swelled the population by 1,366 and added 55 business establishments, went into effect on April 20.

But the city is going to need this revenue and possibly more. For one thing, the new school budget submitted by Joe D. McCullough, superintendent of education for the municipal separate school district is up approximately \$86,000 over last year's because of additional teachers, including a guidance counselor, and general salary increases throughout the system, an increase of about \$78,000 for the city.

Glover also reported 884 permits had been issued for connections into the new sanitary sewer system, 724 of which have been completed and are in use. He noted however that a total of about 2,000 connections need to be made before the Sept. 30 deadline set up in the ordinance.

Satisfactory progress is being made on the paving of Beach Boulevard from St. Charles to Booker Streets, this project having been commenced last week by the county.

Meanwhile the county Democratic executive committee is to meet at 4 p.m. Tuesday in the Courthouse to select election managers for the primary.

Mulatto port work report presented

Approximately 1,050 lineal feet of back dike has been constructed at the west country's port project, Jack Shelby Williams, consulting engineer, Michael Baker, Jr., Inc., said Thursday.

Williams told the Hancock County Port and Harbor Commission that Bauer Dredging Co., Inc., principal dredging contractor, had a dragline on a barge in operation, it is dredging a floating channel from the present water line of Mulatto Bayou, site of the project, into the Pearlington area. To begin dredging construction at that location, he said.

There are six 1,000 ft. areas at the port location, areas A through F inclusive. Areas A and B flank the public dock facility and run more or less easterly. The other four, C, D, E and F, run from the port channel around the curve and run northerly.

After being diked the areas will be filled to bring them to the level of the rest of the project. The channel will pass directly in front of the dike.

As of July 8, 18.4 per cent of dike work had been completed.

Clearing and grubbing, under principal contractor L.S. Stockstill, is 59.9 per cent complete. International Paper Co.'s seeming hesitancy to remove, come pulp wood from the area resulted in some delay and clearing and grubbing contract time has now been amended from 70 to 113 days.

The cost of development was indicated when commissioners approved \$17,978.15 in commission.

Patterson...

(Cont. from Page 1-A.)

Commissioner Otto Recker backed Schambach and Landry while Elliot Cananova, Claude Graham and John Scalfide voted nay. Martinolich cast the deciding affirmative vote.

Scalfide qualified his negative vote by adding the following statement to be read into the minutes, "I question the authenticity of the attorney general's opinion in as much as the only opinion received from the attorney general was in answer to an inquiry made to him from this commission by its attorneys dated June 24 and that opinion was rendered by the attorney general in a letter dated June 27, which in effect states that the bid did not comply with the provisions of the Mississippi Code and therefore was not a legal bid."

Martinolich then qualified his affirmative vote by calling for a copy of the attorney general's letter of July 10 to be inserted in the minutes.

Schambach and Landry had started the motion ball rolling by asking the commission to recommend to the board of supervisors that all bids be rejected and the commission readvertise. Only Scalfide went along with that.

The second, by Cananova and Graham, asked the supervisors to accept the lowest legal bid, that of Yates and Patterson, providing money can be made available. Only Scalfide and the opponents backed this motion with the other four voting nay.

Schambach condoleantly reminded his colleagues they were supposed to save the taxpayers' money. He claimed the best thing to do to clear up the confusion was to readvertise the job after rejecting all present bids.

Another legal point was whether or not the commission could readvertise or recommend contract award if insufficient construction funds were in the bank.

A review of the construction funds showed an unallocated balance of only \$5,555.66. Hann said the board of supervisors had verbally agreed to the project and in his opinion the commission could advertise in anticipation of getting funds on the occurrence of the supervisors.

Negotiations will probably take place with the Stockstill organization in any event, to save money, the commission is hearing arguments for the deletion of the last \$2,920 lineal foot of the south end of the road and a change in specifications to read from calendar days to work days.

Joyce elect Ginn as proxy

James Ginn of Hancock County has been elected president of the Bay Joycece, Bob Bontano and Gene Cuvens are first and second vice presidents respectively, Bob Warner, secretary. Mac Mann, treasurer, and Charles Carson, Jr., radio director.

Discussed are Richard Thompson, Michael Mann, Dan Peterson, Gerald Cox, Clay Piggie, Billy Bralton, Luther Smith, Richard Thomas and Don Landish, immediate past president.

Resolutions announced are only in planning stage.

Expected precipitation is scheduled to draw to a screeching halt Saturday night, July 15, was the feast day of the ninth century saint. Of course he probably gets the blame for a long summer simply because of the political sound of his name. Chilly shipwrecked affair

The chilliest July 15 in history of the local weather bureau did not one bit enthusiasm of Bay-Waveland Yacht Club members at their annual Shipwrecked party Saturday night. Jimmy and Larry McFarland hosted the preliminary cocktail party; the entire in an exotic lavender dining, he, in full Windsor's regalia. Lee and Chuck Le Croy won the champagne for best costume. They came as a couple of towel clad refugees. Other winners included Dove Polindexter a Eric the Red; and Joe Viguerie, all but buried in palm fronds; Floyd and Joe Polindexter; Shirley Souleiman, black baby doll pajamas; Lucy Baker, garb of a female pirate; Don was an officer in the German Army, or was it the Navy? Bubba Buchanan in the costume of a clown with shirt and tie, over a bride's pair of blue trunks; Nancy and Lucien Gex wore bright blue suits (really) Yvonne and Jack Humphries, bathrobes; Jill and Fred red cloaks; Bobbie Maggio, equally fitted white suit, as many men drooped for that girl Lois and Ezra were clad in neatly draped towels, and so it went; a truly live party which lasted well into the wee hours of the night.

The Traubs' reception

Paul and Warren Traub will probably never speak to us after we sincerely state that we wish that they had at their wedding ceremony. The couple, who were married in a small ceremony at the home of the bride's mother, the late Mrs. Traub, on Sunday at 3 p.m. in the lovely yard of their Dunbar home, San Warren and his lovely bride, Betty, were warmly received by friends and family. The ceremony was a truly festive affair, with a lovely reception in the garden. The bride wore a lovely white gown, and the groom was in a dark suit. The reception was held in the garden, with a lovely view of the sea. The couple was very happy, and the guests were very pleased. Theater tells Barefoot cast

Barefoot in the Park, playwright Neil Simon's hilarious tale of New York newlyweds in their seventh-floor walk-up apartment, will be the next presentation of the Little Theater. To be directed by Mrs. C.E. Lirette of Waveland, the comedy is tentatively scheduled for the weekend of Aug. 31 - Sept. 2. Cast in the leading roles are Calvin Smith and Mrs. Dale Heverling, both of Waveland. Smith, the professional and superintendent of the golf courses at the Paces Christian club, will play the part assigned to Robert Redford in the movie version of the play, and Mrs. Heverling will have the same role as Jane Fonda. Principal supporting roles have been given to Mrs. L.F. Kirkland and Joseph Barbo, with Douglas Kogor and Capt. Harold Powell completing the cast. Barefoot in the Park has only recently been released for Little Theater production and is considered one of the most rollicking comedies of the decade. Presented last month in New Orleans by Le Petit Theatre, it was held over for an additional week.

lace over crops; Warren, the papa, handsome in his dark suit. Betty's spritely smile was most becoming and her gown seemed really comfortable in civilian attire. Edith (his sister), chose flowing black. She and husband Jim Johnston are headed for Houston, Tex., where he has a business new job. Just a few of the guests included Alice and Johnny Seidley, Cyril and Margie Glover, Mabel Green, Rebecca Seal and Sam Loo, Ann and Ed Portery, Virginia and Fred Wagner, who wearing a tiny gold elephant in each ear; Emily and Walter Rausch and daughter Ripley; Mrs. May McDonald with Ellen and Nancy, Seal and Bill Johnston, Mary Allen and Joe Benavente, Dorothy and Joe Marchione, Don Russell, Miss O. E. O'Connor, Shirley and Robert Lohrer, Mary Catherine (Mrs. Loo) Martin and daughter Kathleen and Terri and her mother Mrs. Ruby Benning, Jean and Red Olson, Mary and Harry Benjamin and many, many more.

One of the dear things about our favored leaves of tobacco was that we usually found time to do a good many things here before prohibited by a rather full work schedule.

Lunching at St. Clare's

As the second Wednesday in each month (except August Church fair month) to the St. Clare Society's luncheon and benefit, only titled "bingyish", would be forced to decline all invitations to come to the party. Last Wednesday we attended (as the guest of honor) Mrs. Dave) Marley, by the way, and one happily came to report that those who could not attend with guests day at the beach. The lunch, obtainable for the small donation of \$1 was delicious consisting of chicken salad, french home grown tomatoes, potato chips, malibu water, jello and all the coffee one could drink. Games began at 1 and a large group participated. Just a few winners and guests included Beadie (Mrs. Jimmy) De Blase, husband for the month of June (Mrs. Carlisle) Lohrer, Sara Thorsley, Ade Beck, Ann Stapp, Don (Mrs. Martin) Marley, Gary Van Arman, Lillian Green, Mrs. Helen Durand, Grace (Mrs. Lillian) Bardegeur, Helen (Mrs. Will) Bardegeur, Margie (Mrs. John) Anderson, Mrs. Russell Allen, Lona Curran, Mr. and Mrs. Ed Canady, Corri (Mrs. Charles) Johnson and her niece from New Orleans (Corri), who forgot to write her name on the usual card; Gertrude (Mrs. Sauer), Lyle Marley, Neddie (Mrs. Howard) Burleigh and Irene Graff.

The next such tea will take place on Wednesday, Sept. 13, beginning at 11:30 a.m., and will be highly recommended to everyone. For roughly \$3, one can have a fine filled afternoon, while dining and chatting a most worthy cause.

Mr. and Mrs. Joe Bado and daughter are spending a week vacationing at the Pine Forest vacation home. Joe accompanied "the girls" to accompany him on a four-day vacation Thursday night, their first. Result, three for Mrs. Bado, two for the daughter and Joe coming up with two also.

Visiting Alene Sauter last week were her brother, Forrest E., wife and their daughter, Mrs. Adele Liza, and her daughter Malinda, all of Hattiesburg.

More leaving

Veda and Jack MacCallister's names may not be added to the list of recently departed. They returned to their former home in Seattle, Wash.

Speaking of departures, Margo McFarland has moved to Richland and more conspicuously than the others to give her change of address to the Echo office before leaving. Such gestures are deeply appreciated as the cost of re-addressing papers because of so many address changes become more staggering each week.

Mary and Glen Young, who the former Mary Pendergast, are proud parents of their first child, a daughter, born Friday, July 14, at Gulfport Memorial weighing something over nine pounds. The Youngs live in the area.

The Zellers of the Crescent City Independent of the same name, are spending some time at their Spencers River summer home.

Irene Loores is spending a very pleasant vacation at the ocean waves. Barbara Johnson's "new baby" girl to her, she reports that S.P., the new arrival, is thriving, although four of the other five have been under the weather.

More tents

One of our regulars on the card that Darlene (Mrs. Elliot) Coxworth has recommended to the Echo office, under our recent most interesting correspondence with the Echo, we'll only mention that

Miss Patricia Elliott, daughter of Mr. and Mrs. Russell Elliott, was honored by American Legion auxiliary president Mrs. Clyde Hamilton of Gulfport, at the 49th annual convention at Buena Vista Hotel, Biloxi, July 7-9, serving as one of six senior counselors at Girls' State, Balhove College, June 17-23.

Miss Elliott, who served as personal page to Mrs. Hamilton, was presented a silver charm by the state president in appreciation of her love and service. There were 350 girls, representing all areas of Mississippi, at Girls' State. Mrs. Clyde Craig, president of the local American Legion auxiliary, who served a second year as one of the counselors, was chairman of pages at the convention.

Miss Gottschalk wed

Elizabeth Gottschalk, daughter of Mr. and Mrs. Charles B. Gottschalk, Bay St. Louis, and Robert Dewey, Bobinger, son of Mrs. Marvin John Bobinger and the late Mr. Bobinger of Kila, were married at a nuptial mass at 11:30 a.m. Saturday, July 7, in Our Lady of the Gulf Catholic Church.

Rev. Noel Foley of Jackson, a former assistant pastor at Our Lady of the Gulf, celebrated the mass, performed the double ring ceremony before an altar decorated with arrangements of white daisies and tall candelabras holding white

flowers. Mrs. Ruth Ketchum, organist, played the traditional nuptial music.

Escorted to the altar by her father, the bride had as maid of honor, Miss Linda Vorruch of Natchez. Bridesmaids were Misses Jackie Kingston, Erin Heltmann, Pat Gattochall, sister of the bride, all of Bay St. Louis, and Pam O'Connor of Jackson.

Marvin J. Bobinger, Jr., Lucedale, served his brother as best man. Alton Lador, Reddy Bulbo, Eldo Depreo of Bay St. Louis, and Richard Scarborough of Pass Christian served as groomsmen.

Mike Cuevas and Harris Lador, Bay St. Louis, were ushers. Altar boys were Sonny Depreo and Earl Depreo. Brother Declan, formerly of St. Stanislaus, now of Natchez, served as lecturer.

White daisies and candelabras with white tapers trimmed Bayside Park Country Club for the reception following the ceremony. The bride's table, covered with a white damask cloth, held the four-tiered wedding cake. The top tier on a Godeaux column was topped with sugar spun lattice hearts and olive cross with double wedding rings. The other tiers were decorated with sugar spun ovals and daisies. The oval-shaped base was decorated with sugar spun hearts with spray of sugar daisies to the sides.

Mrs. Frank Lagarde presided at the cake table and Misses Shirley Kingston and Susan Marengo served as tea girls.

The bride, a graduate of St. Joseph Academy, is in her senior year at St. Dominic School of Nursing, Jackson.

The groom is a graduate of Hancock North Central School. Among out of town guests were Mr. and Mrs. Marvin J. Bobinger, Jr., and family, Mr. and Mrs. Robert Churchwell of Lucedale; Miss Sharon Decoti, Mr. and Mrs. Forest Favre, Jr., Miss Pat O'Toole, New Orleans, Mr. and Mrs. Bill Shaw, Miss Ginger Bezon, Hattiesburg; Miss Laverne Wagner, Morton; Miss Diane Fribble, Grenada; Mr. and Mrs. Robert Verruchi, Natchez; Miss Kathy Jordan and Miss Cynthia Vuyovich, Jackson, and Mr. and Mrs. Martin Favre, New Orleans.

SAT \$200 - Mr. Joseph T. Smith is about \$200 happier that he tried Gerry Lane Chevrolet in Bay St. Louis.

I am Joe Smith and live in Baton Rouge, La. I started looking a couple of months ago for a used pickup. I shopped all over Baton Rouge, Gonzales and Laplace. The trucks I looked at were either worn out or the price was sky high. I came down to Bay St. Louis to visit my father, shown here with me and he told me about Gerry Lane Chevrolet. We rode over to look around and found exactly what I wanted. A good, dependable used truck. The price I paid for it was about \$200.00 less than what I had been quoted in Louisiana. I believe that the folks who live in and around Bay St. Louis are fortunate to have Herb Baron and Gerry Lane Chevrolet. They saved me money.

Isn't a car now a NECESSITY?

Doesn't a working man, a farmer, a family have to have transportation to work, to haul farm products, and to go to church?

YES - yet you are still paying just as high taxes on your car as if it were a luxury.

Why shouldn't an exemption be allowed on the family car, just as you are allowed a homestead exemption on your home? Martin T. Smith will work for a law to give the people of this district, and Mississippi, a break from this financial hardship.

TO THE PEOPLE OF HANCOCK COUNTY RE-ELECT

Please accept this as my personal solicitation for your continued support and endorsement Primary on August 8th.

Since many new residents have come into our County in recent months, I feel I should employ this means as a formal welcome and introduction particularly to those who have not had the pleasure of meeting me.

I am a native of Bay St. Louis and was educated in local schools. I am a graduate of St. Stanislaus College and furthered my education with a post graduate course in the field of accounting.

I am married to the former Margaret Dubois and we have three children, Robert and Michael, and our daughter, Marilyn, who is married to Capt. Tom Rader on duty with the Tuskegee Air Command.

I have had a wide experience in real estate and held a Broker's License from the Real Estate Board for many years. In the latter field I have been a member of the Association. I am certified by the U.S. Government as a Qualified Real Estate Appraiser.

Prior to my election I served as Deputy Tax Assessor, Deputy Chancery Clerk and Deputy Tax Collector giving me a wide experience in the office in which I am now elected to.

I believe this experience and training fully qualified me to continue to serve in an important office.

For the past several years I have had the pleasure and distinction of being named with all State and Regional Programs of the State Tax Commission and our county by being elected First Vice President of the State Organization of Taxpayers and assessed to the Presidency when we convene in November.

I have always been my policy to serve everyone impartially, and this I shall continue to do.

I endeavor to maintain my office on the highest plane and conduct all the business of the County at the highest level.

My education, Mrs. Virginia Toland Anderson and Mrs. Linda Lador Tomarish, are qualified by education, training and experience and are here to serve you courteously and efficiently. The pressing duties of my office and the requirement of the law that I shall have the difficult task to see each of you personally before Election Day, therefore, I earnestly ask that you consider this as my personal appeal to your vote and support.

I shall continue to have my premises at local changes fairly and impartially.

SERVICE WITH INTEGRITY.

PLEASE ALWAYS REMEMBER THAT THIS IS YOUR OFFICE AND I AM HERE TO SERVE YOU.

Respectfully,

GEORGE E. HEITZMANN

KANTCHA KETCHUM

By L. S. (Doc) Elliott

With kids falling in the afternoon over the past weekend, fresh water fishing was pretty good with the fish striking best during the last two hours of day light.

Percy and grass trout were biting in both bays and rivers. The water was a little deeper and cooler, in the small bays were making it almost impossible to run a motor and in any case the water is too warm for the fish to bite.

Also with low tides prevailing a few soft crabs are being caught - Hard crabs are giving much better than they were. They are being caught off the seawall down Cedar Point way. Crabbing off piers brought best results as most of the crabs were out in deeper water.

Mostly small fish are biting up Jordan River, croakers, sheepshead, sea roach, and the blue, white, and Pat Haggerty and a couple of buddies caught a big orange Monday.

Placide Bourgeois and Edward Macon were trying their luck at casting for green trout on a local bay last weekend. Placide said they had been getting some good catches lately.

Mr. and Mrs. L. Englert had on weekend guests Mrs. Jim Dobbo and Con. Jim, Jr., and nephews of Alexander, L., and J.B. Moon of Mobile. Fishing and crabbing was the main attraction enjoyed by the visitors.

ASKED TO BUY - The L.C. Mullings were in the Grocery store when Dave Sloan asked them to come in and look around at Gerry Lane Chevrolet.

After 40 years with the Postoffice Dept. I well know the meaning of appreciation and satisfaction. Having just bought my new Chevrolet from Dave Sloan at our new Chevrolet dealer. We have the satisfaction of buying and spending our money locally and Dave appreciated our business. Dave sat us at the grocery store and asked us to come in. We were so pleased and pleased to have someone ask us to buy a car, that we decided to go down and see this young man, we are happy to say we bought locally where our tax money will continue to work for us.

Jack Garriga, one of our best fly fishermen, was after bass and perch again Sunday. Don't know how many he caught.

Jim Trevino, a member of the fish and game commission is a natural born fisherman. He loves all kinds of fishing but we think fly fishing is his favorite kind of sport.

Mr. and Mrs. Al Bandry and family of six returned to Jackson Wednesday after two weeks spent on vacation at the Bay. Al, Julie and the kids got in some good fishing, soft and hard crabbing while here. As they put it, "a good time was had by all."

Mr. and Mrs. Ray Hoffmann and family spent the weekend with relatives. After fishing and crabbing, activities wound up with a watermelon party on the beach.

Using a weedless lure when casting in bays and lakes covered with grass, weeds and water lilies brings best results. If the water is calm, try a top water lure and vary its action. First try a noisy retrieve, then a fast one, next a slow one. Dragging a bait is wrong.

Fishermen have rightful gripes against aquatic "Hot Rods" who roar around lakes and bays in speed boats, seeing how close they can come to folks fishing from boats, to make them bob like big corks. If the shoe fits you wear it.

More than half the accidental firearms deaths are in the home, not in the field, according to the game and fish commission.

Several sharks have been seen on the beach by bathers of late. These are mostly sand sharks and are not dangerous. Stingrays are making their appearance. They are not as dangerous as claimed. While walking in the water drag your feet on the bottom. You have to step on a ray before he strikes. Dragging the feet makes the fish swim away if touched. Don't bother them and they won't bother you.

In case you haven't noticed lately, those mini-skirts from jolly old England are getting shorter and shorter. Girl watchers think the trend is great. Others are raising their eyebrows, but for a different reason. In fact just where to stop the escalation has become

I am Frank Comfort of Pass Christian, my wife Pearlina and our five children like roomy comfort. That is why we choose the Chevrolet sportsman as our automotive transportation. We shopped in Gulfport, Biloxi, and Pascagoula. The salesmen gave us pretty much the same prices, but advised us that they did not have a sportsman in stock and did not think they could get one this time of the year. We decided to try Gerry Lane Chevrolet, we are certainly glad we did. Dave Sloan not only saved us money, but got on the phone and found that the Chevrolet located Services exactly what we wanted. This kind of courteous cooperation to the reason Gerry Lane Chevrolet is fast becoming one of the largest dealers on the Gulf Coast.

How to give your children the schools they need!

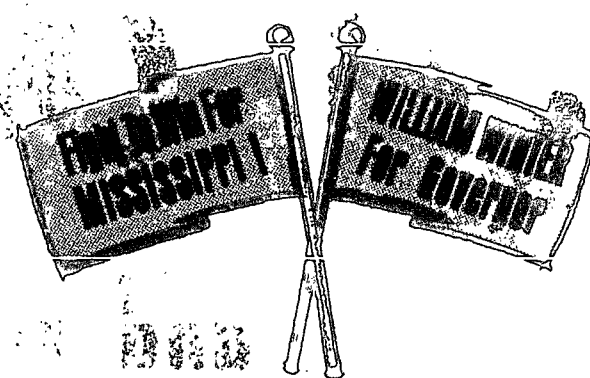

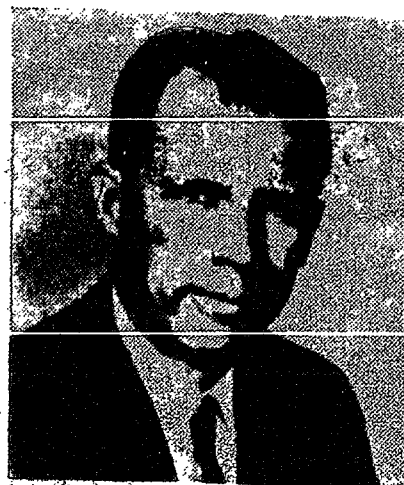

William Winter will make your children's education the No. 1 priority in his administration. Nothing is more important! The "Winter Plan" for education carries unqualified all-out support for a legislative program similar to that recommended by the Mississippi Education Association in 1967.

Highlights of the "Winter Plan" include: A decrease in the teacher load from 30 pupils to 27 pupils to allow more individual attention for each child; additional opportunities, subjects and services for each child, with the poorer counties receiving educational advantages now available only to the large cities; an increase in outlay for maintenance services; an additional \$500 to the base pay of the minimum program teacher unit; incentive grants; increases in vocational and technical education facilities; new support for the States' Junior College system; adequate support for deaf, blind and handicapped; increased teacher retirement benefits.

No other candidate can come close to matching the comprehensive educational program proposed by William Winter. It will give your children an education as good as any boy or girl in any state, anywhere.

Don't take our word for it! Ask your children's teachers why they're supporting William Winter for Governor.

You owe it to yourself to support William Winter for Governor. For a copy of the complete "Winter Plan" for education, write Winter Campaign Headquarters, Jackson, Mississippi 39201.

Vote William Winter for Governor!

R. G. (MANNY) HUBBARD

SOUND LEADERSHIP IS PROVEN BY ACTIONS ... NOT WORDS!

During the years I have served you on the Board of Supervisors, I have unceasingly brought about a sound, progressive government in Hancock County, putting forth my best effort to serve you well, with foresight in the expenditure of public funds, and good judgment in dealing with problems which effect your welfare.

Our county has made greater strides in the past fifteen years than in its entire history! Most of you will recall that during my first few years on the

Board, it was an up-hill fight. Your confidence in my integrity and leadership, and my confidence that improvements could be made and a sound financial condition realized, gave me the determination to persevere. Although when I took office there was practically nothing in the Seawall and Beat 5 funds, with the cooperation of other members of the Board, sound management soon enabled us to attain record accomplishments. Here are some REAL facts and figures!

SEAWALL MILLION DOLLAR DEBT PAID OFF

1926, original bond issue	\$1,250,000
Refinanced 3 times before 1951 and added to it	272,000
Paid in 26 years, from 1926 to 1952	233,000
PAID IN LAST 15 YEARS during my tenure in office	1,500,000

When this bond issue was finally paid off, the revenue would have reverted to the STATE unless we had a Port and Harbor Commission with a project to apply to it. This financed our Industrial Park and Airport, from which the entire county will be deriving the benefit upon its completion in a few years.

NEW HOSPITAL, \$891,000.

Our new, modern, well-equipped hospital, which is such an asset to our County, started out with 30 beds, and an addition of 26 beds followed shortly after. THIS EXPENDITURE DID NOT COST THE TAXPAYERS ONE CENT IN ADDITIONAL TAXES.

COUNTY HOME, \$26,000.

This attractive, comfortable home was built in the rear of the hospital grounds, with the foresight of saving thousands of dollars by not having to buy another building site, as well as having the advantage of close medical attention for the old folks. THERE IS NO FEE WHATSOEVER TO BE ADMITTED TO THE COUNTY HOME.

HEALTH CENTER, \$24,000.

Our modern Health Center, situated next to the hospital, has proven of great benefit to the school children of our County.

AGRICULTURAL BUILDING, \$60,000.

Several years ago we purchased the old Creamery building, renovating it for county offices. It houses the Agricultural Department, Welfare Department, Forestry Commission, Home Demonstration office, Soil Conservation office, and many other state and county offices.

6. WELFARE

Nearly \$10,000 a year is what the Board of Supervisors is now contributing (in rent and salaries) to aid in the distribution of commodities.

7. ROAD EQUIPMENT, over \$500,000 (HALF MILLION DOLLARS)

In its entire history, Hancock County had never owned road building and hard surfacing equipment. During the last 15 years we purchased over a half million dollars worth of fine road building machinery. Many miles of roads have been hard-surfaced in our county with this machinery. Through the use of this equipment, USING LOCAL LABOR, THE HUGE PROFITS ON ROAD CONTRACTS ARE NOW SAVED FOR OTHER PROJECTS, and THE DOLLAR IS KEPT AT HOME. We save 67% constructing roads ourselves, which enables us to build MORE roads with your tax money.

8. ROADS BUILT

Many miles of roads have been built in EVERY PART OF BEAT 5, which were before my tenure of office only recognizable on maps. More than 50 roads have been opened and built.

9. HARDSURFACING

MORE THAN 30 MILES of roads have been hardsurfaced in Beat 5, with some being done right now, and many more in the planning stage.

10. AIRFIELD

With county labor and equipment, we built the landing strip which is so much in use by residents, visitors and flying enthusiasts.

11. INDUSTRIAL PARK AND AIRPORTS

Having established a Port and Harbor Commission, hired a firm of Consulting Engineers to study our potential, foreseen the opportunity to earmark funds for the benefit of our county, contracts have already been given for the clearing and grubbing of the land for our Industrial Park at Multatto Bayou, where we will also have a 4,500 foot Airport, which will accommodate not only Jet planes connected with NASA, but a Commercial Airline, as well. Handled properly, this promises to be a great source of revenue for our County.

These achievements and MANY MORE worthy and necessary projects of which I cannot do a detailed account, which all contribute to the progress of our community, have been accomplished through CONSTRUCTIVE SPENDING and SOUND MANAGEMENT of our tax funds during the years I have served as your Supervisor.

WE HAVE COME A LONG WAY! With the opportunity of expansion and growth such as we anticipate in the immediate future, and your knowledge of my policies and experience in public office, I solicit your vote of confidence in my ability to manage our County affairs, and pledge CONTINUED PROGRESS.

Mrs. Duke heads vets auxiliary

Mrs. O. Duke was elected president of Hancock County Veterans auxiliary, organized Friday by Mrs. Lyda McMullen, Gulfport, national chairman for World War I Veterans.

Officers named to office were Mrs. Russell Elliott, center vice president; Mrs. Milton Duro, junior vice president; Mrs. A. C. Marriot, treasurer; Mrs. Charles Harvey, chaplain; Mrs. John Wilkerson, guard; Mrs. Louis Moreau, conductress; Mrs. Robert Diebold, Mrs. St. Clair Locke and Mrs. Henry Cogdson, trustees.

Officers appointed by the president include Mrs. Joseph Sheehan, historian; Cole, flag-bearer; Dural, banner bearer; Dave Markey, patriotic instructor; Walter Hava, musician; Joseph Esposito, George Curet, Irby Charming and A. E. Lacoste, color bearers; E. J. Arceneaux, legislative committee chairman; Henry Appeton, membership; Hava, hospital and publicity.

A secretary will be appointed at a later date.

Officers were installed by Mrs. McMullen at a joint meeting with Barracks 2537 at 3 p.m. Wednesday at World War I Veterans Home, 322 Nicholson Avenue, Waveland.

Jack Blaylock, Liberty, Miss., State Commander, installed the Veterans new slate of officers.

There are 18 charter members in the auxiliary.

Mrs. Soffie Bury, who has been visiting her son-in-law and daughter, Mr. and Mrs. Bruce Favre and children Morina, Bruce, Jr., and Bettina Patricia, for the past seven months, will return to her home in Germany Friday.

The Bruce Favres and a number of Mrs. Bury's friends gathered Sunday evening at the home of Mrs. A.C. Favre to wish her "Gute Nacht."

Shower fetes Mrs. J.L. Favre

Mrs. J.L. Favre was honored with a shower Friday night given by Mrs. Clayton Thompson at the Knock-Knock Club.

A color scheme of pink and blue was carried out in the table decorations. Mrs. Favre was presented a corsego of miniature baby articles, and gifts were presented by Miss Cheryl Favre.

Guests included Mrs. Vernon Raymond, Thomas Mitchell, Pat Carboneau, Doris Baraco, Woodrow Lafontaine, Lolo Marquar, William Carboneau, Clyde Crisp, David Burch and Miss Cheryl Favre.

Mrs. Grass fills term of sodality

Mrs. Albert Grass was appointed secretary of Our Lady of St. Clare's Parish Sodality, at Tuesday's monthly meeting in the Parish Hall. She will fill the unexpired term of the late Mrs. Thomas Placun.

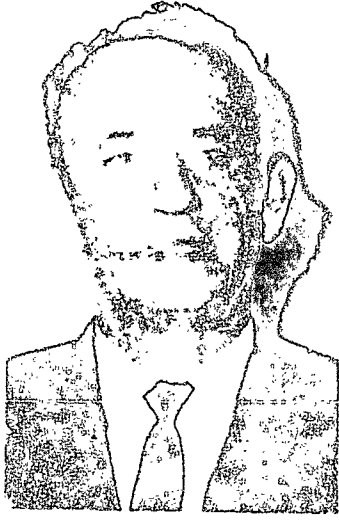

Mrs. Marcus Eichhorn offered the opening prayer and Mrs. David Markey, prefect, conducted the business session.

Mrs. Markey read a letter from Rev. Bernard F. Low, Jackson, secretary of the Liturgical Commission, inviting all to attend Liturgical Week in Kansas City, Mo., Aug. 21-24.

Mrs. Grass gave the minutes of the June meeting and Mrs. Adrien Chagnard presented the financial report.

Dates to be remembered by members are monthly communion Sunday Aug. 6 at 7 a.m. mass and the meeting Tuesday, Aug. 8, at 1 p.m., in the Parish Hall.

Because of the annual fair Aug. 5 and 6, starting at 5 p.m., the sodality will not have its monthly luncheon and picnic in August. The annual fish fry will be in the parish hall, starting at 4:30 p.m., Aug. 4, take-outs and deliveries will be featured.

REWARD

FOUR YEARS OF UNSELFISH SERVICE

RE-ELECT DOLPH KELLAR
Beat 2 Supervisor

TO THE PEOPLE OF HANCOCK COUNTY:

FIRST: ALLOW ME TO INTRODUCE MYSELF TO OUR MANY NEWCOMERS.

I am a native of Hancock County, an overseas veteran of World War II, spending 27 months in the South Pacific and being twice wounded in the Battle of Guadalcanal. A dedicated family man, a proud father of 5 children; active in school and community affairs, having served as a member of the county school board, Soil Conservation Committee, other agricultural committees, election commission and as Supervisor.

SECOND: RECORD. When I took office 3 1/2 years ago I found the roads and bridges of Beat 2 in a deplorable condition, with a shortage of good equipment. During this time we have hardsurfaced several miles of road, reworked all culverts, rebuilt all bridges, including construction of 3 concrete bridges, replaced old and better equipment; and actively supported all projects and movements for the betterment of the County.

THIRD: ECONOMY. While improving our roads and bridges and acquiring better equipment, I have kept in mind the tax burdens. The road and bridge fund of Beat 2 has steadily increased. Today there is almost \$60,000.00 available in this fund for use to increase the convenience of us all.

FOURTH: COOPERATION. We all know that the road mileage of Beat 4 is too great for the funds available to any one beat, so, when I took office, I agreed to maintain certain roads in that Beat located in the Catahula and Lee Town Communities. Our accomplishments for the roads of these communities have been the same as in Beat 2. We have placed 20,000 yards of clay gravel on these roads, built one new bridge, with material on hand for construction of another.

FIFTH: COUNTY PROJECTS. Supported without reservation the Port and Harbor project, which has resulted in the first industrial inquiries concerning our county.

SIXTH: SCHOOLS. As a father of 5 children I have a vital interest in our schools and have supported all measures for the benefit of our schools.

SEVENTH: MUNICIPALITIES. I have worked closely with our municipal officials. In December, 1966, I sent Beat 2 equipment and employees into Bay St. Louis, and have voted "yes" each occasion to lend financial assistance to our municipalities feeling that this was fair because of the amount of taxes collected there. I have actively supported the Chamber of Commerce and have always been friendly to any group seeking to better the County, including but not limited to, the hospital and library board.

DOLPH KELLAR is a proven public official, his record is worthy of your support. Don't buy a pig in a sack, support a man with a proven record.

Sincerely soliciting your vote and influence,

Dolph Kellar

UNIT ROAD SYSTEM

A unit road system in this county will possibly save the taxpayers \$50,000 per year. This means that all equipment would be consolidated in a central location. A civil engineer would be hired and then bonded for possibly \$500,000. Remember, he is a specialist in roads. This means we will not have to train and have materials wanted for every new supervisor that comes into office.

planned road building program throughout the county. This will eliminate the taxpayer having to wait until election time to have his road fixed or having to stand by and watch while a neighbor has his driveway fixed at county expense.

The engineer will be in charge of equipment purchasing. This fact alone will save money as it will eliminate the ordinary ten percent kick back to come supervisors on the purchase of road building machinery and supplies.

The engineer will also be responsible for carrying out a

Employment of a specialist at this particular job, the 'civil engineer', will allow the supervisor to use his time pursuing industry, administering the affairs of the beat and holding after his voter's interests in a fair and impartial manner. It would eliminate the expensive practice now carried on where political patronage is rewarded each month in the county claim docket under the heading of 'roadwork' for each beat.

Summer program

10 college co-op students at MTF

Ten Cooperative Education trainees, employed this summer with General Electric Co., are making important contributions at the National Accelerator and Space Administration's Mississippi Test Facility in Hancock County.

The students, from colleges and universities in Mississippi, Alabama, and Louisiana, integrate their classroom studies with practical work experience in industrial, business, government, and service-type work situations at MTF.

Keith Gilmore, specialist - education and training, for GE's Mississippi Test Support Department, noted that, through this program, work experience with General Electric becomes a regular, continuing, and essential part of the student's professional education and is included as a requirement of the sponsoring institution for a degree.

The Cooperative Education program, sponsored at GE's MTF for the past two years, has been in effect with industry for over half a century and is presently included in the curriculum of more than 70 colleges and universities in the United States.

Gilmore pointed out that students participating in the program are chosen on a selective basis with the major requirement being that of high academic standing. In return for the student's services, General

Electric provides a program of leadership and guidance towards the development of the student as a professional employee.

City seeks new pumper

Bids are being sought by the city of Bay St. Louis for the purchase of a new fire truck.

The unit is to have a pumping capacity of 1,000 gallons per minute with a 500 gallon booster. The booster water to be carried on the truck.

Estimated to cost around \$30,000, payment will be on purchase-rental basis, \$1,000 on delivery, \$4,500 on Oct. 1, the beginning of the city's fiscal year, and the balance in four equal annual payments.

The present fire unit, a Hall pumper on a Diamond chassis, will be sent to Eunice, La. for repairs and used to supplement the new unit on its return.

Commissioner J. Cyril Glover said the city hoped to build a second fire house on the south side of town. When this is done one of the pumpers will be stationed at that location.

SAVINGS - Gary Luck of Gulfport, Miss., who was in the military while fighting in Viet Nam, decided while he was overseas to buy a new Camaro when he got back home. He immediately started looking for one and the salesman wouldn't let him see one until he figured it out. Gary Luck decided to try the Chevrolet dealer in Bay St. Louis. This was one of the main reasons I decided to go to the dealer and his personnel really appreciate the opportunity to do business. GARY LUCK, Gulfport, Miss.

We care

Good potato, but we won't use it

This is a NO. 1 potato.

But we won't use it for Jane Parker Potato Chips because it measures more than 4 inches in diameter. We have minimum and maximum sizes to insure the best possible eating.

But size isn't the only thing we're fussy about.

We'll use only certain varieties of potatoes.

There are 20 or more varieties we wouldn't think of using... they just don't make good chips.

We're careful about potato sugar content.

It must be low to produce chips of uniform color.

We're fussy too about crispness, thickness and lots of other things.

This may seem like an awful lot of fussing,

but that's the way we are at all Jane Parker products about all the products we make.

When you think about it, shouldn't fussy A&P be your store?

QUICK DISAPPEARANCE - The quick disappearance of new cars at Gerry Lane Chevrolet indicated to Mr. George Reed of Long Beach that they must be out-trading competitors.

We live in Long Beach and I work at the Test Site. In commuting back and forth daily I have watched the changes that have taken place at the Chevrolet Dealership in Bay St. Louis. Seeing the number of cars that have been arriving at this Dealership and seeing them disappear I knew they had to be out-trading competitors. Also everyone that had had service work seemed to be pleased. My friend has a El Camino. He told me, so I decided to try one. I drove by Gerry Lane Chevrolet to look and John Gallagher sold me one. If you want warm, friendly, courteous people, try Gerry Lane Chevrolet.

Top Travirca for 4th place

Anthony's cops slot in league playoffs

Anthony's Men's Wear broke a three-way tie for fourth place in the Bay St. Louis League by defeating the other two teams Friday night at City Ball Park to close the regular season and earn a spot in the playoffs that commenced Monday.

The clubsters opened the evening by defeating the regular season champion, the Travirca, 6-4 with Jim Mayfield clearing the bases. Anthony then defeated the Lancers 20-0, Lancers again pitching for the victory and Larry Pearson getting the last out.

Women dominate PCI swoopstakes

Poco Christina women dominated last week's swoopstakes at Poco Christina Golf Club, Mrs. Stan Wagner winning Sunday with a 71 and Mrs. R.B. Martin Sunday with 72.

Maria Martin, Waveland, was second Sunday with 72 and Red Riddick, Bay St. Louis, third with 74. On Sunday, Mrs. E. Wilho, Poco Christina, was second with 79 and Martin third with 80.

Last Wednesday Travirca dominated out 24 hits to nail Travirca 22-10 in a close game. The Travirca had 15 hits.

At the close of the regular season, Southern Realty was on top with a sparkling 16-2 record followed by Anthony's, 10-6; Travirca, 9-7; Lancers, 7-10; and the regular season champion, Travirca, 8-11 each.

Travirca's Robert Hinch led the hitting parade with 59 times at bat, 24 hits and a .666 average. David Evans of Chocoma Bay was 10-33-.427; Larry Foster, Travirca, 10-28-.429; Mike Sweeney, Chocoma Bay, 9-28-.404; Darryl Rendon, Travirca, 9-28-.404; W.J. Cummings, Southern Realty, 8-30-.374; Larry Martin, Southern Realty, 8-29-.357; Vicki Orsco, Lancers, 8-27-.351; Jerry Cummings, Travirca, 8-20-.324; Sylvia Lander, Jr., Anthony's, 8-20-.311; Sammy Allison, Southern Realty, 8-20-.30-917; James Clark, Southern Realty, 8-27-.509.

Team batting. Southern Realty .461; Anthony .434; Travirca .424; Travirca .427; Chocoma Bay .424; Lancers .404. **Clubs.** Travirca 16-2; Southern Realty 10-6; Anthony's 10-6; Travirca 9-7; Lancers 7-10; Travirca 8-11 each.

GOOD REPUTATION - Mr. Ray Graham of Gulfport went to Gerry Lane Chevrolet because it has the reputation as being the most economical and dependable dealer around.

I work for the Gulfport Dairyman's Association, out of Gulfport. I drive about 150 miles a day. When I needed a new truck I picked Chevrolet, as it has a reputation of being the most economical and dependable. I started looking and shopping some time ago, but I couldn't find the truck or the deal I was looking for, until I met Dave Sloan at Gerry Lane Chevrolet. I really was glad to do my business with Dave because he appreciated my business. Also the night before I influenced me on this is the only time I can get into a dealership to have any repairs done that I might need.

JOIN THE WINNING TEAM

ELECT
H. G. DEAN

IT IS DIRT DOBBER SEASON

Summer is the season for dirt dobbers, they work every summer, but seem to be more active on election year. Actually they are harmless, creating only unsightly small piles of dried mud on other wise clean surfaces.

In politics dirt dobbers attempt to mar the lives and records of candidates. They cannot destroy a record of achievement, so they seek only to harm its appearance. For instance, these dirt dobbers know that H.G. Dean's record is one of positive action which has resulted in many concrete gains for all to see.

The results speak for themselves, so what do the dirt dobbers do? They say, Oh Yes, Dean's accomplishments are many, but, his motives are bad. A shining example of this is statements to the effect that Dean has scolded in the repair and upkeep of the streets of Bay St. Louis only because he knew the supervisors were to run at-large. These purveyors of poison apparently know more than the federal courts knew.

Why? On July 27, 1966, the Hancock County Board of Supervisors were ordered to present plans for redistricting by October 24, 1966. The court was to approve or disapprove the plans, finally on May 19, 1967, a plan of redistricting was ordered into effect, one week later, May 26, this order was rescinded and we were ordered to run county at-large.

Now, when did the Board of Supervisors begin to spend county money on City streets? The minutes of the board show (minute book 8-2, pages 485, 486, 487) that H.G. Dean made a motion which was seconded by supervisor Jack Lott at the December 1966 meeting that an order be adopted authorizing the use of county machinery and expenditure of county funds in assisting the people of Bay St. Louis.

What were my motives? Political? In one sense of the word Yes, because I have always subscribed to the theory that the best politics is to render service to people. Hancock County needs good cities and without good streets we cannot have good cities. I felt then and feel now that this expenditure was good for the county as a whole.

Did the board have to come into Bay St. Louis? No! Section 8943 of the Mississippi Code Reads "The Supervisor of each District in each County is to have and to require to exercise supervision over the public highways of his district." I made the motion to do so only because I thought it right and good.

Ladies and gentlemen, the dirt cannot destroy the record, it only detracts from it. Be not deceived, Re-elect a man of action with a record of achievement.

My solemn promise, to reward your confidence with hard work and faithful service.

Sincerely soliciting your vote and influence, I am

CLIFTON SAUCIER ANNOUNCES CANDIDACY SUPERVISOR BEAT 3 HANCOCK COUNTY

TO THE CITIZENS OF HANCOCK COUNTY, MISSISSIPPI:

I take this opportunity to officially announce my candidacy for member of the Board of Supervisors for Beat Three. Since the race is County-wide, some of you do not know me personally, and for that reason I give you this personal introduction. I am thirty-six years of age; was born and reared in the Seaside Community in Beat three of this County, where I now live. I am married to the former Justice Mitchell of Kila, Mississippi, and we have five children. I am a graduate of the old Salliers High School, and attended Pough River Junior College. I am employed as a Shipyard at Pascagoula, although at present I am on leave of absence from my work, recovering from injuries received in an automobile accident.

I am at present a member of the Board of Trustees of the County Hospital, where I have served for the past eight years.

In making this announcement, I would like to be able to offer a "platform" and promise you that if you elect me as your Supervisor, I would immediately put into effect all these "platform promises." But you and I have been too long in the same boat, for the simple reason that if elected, I will have to do so much that I cannot do this or that, but I can say that I will work in co-operation with the other members of the Board whom you elect, to:

- (1) Develop the County, industrially.
- (2) Improve our schools, with adequate facilities, and adequate pay for our teachers.
- (3) Provide benefits for our young people.
- (4) Provide proper health care for the County.
- (5) And above all, spend the County's money wisely, so as to obtain the greatest return for the money invested.

If these ideas appeal to you, I will very much appreciate your vote and your support. I am trying to do each one of you better than the last President, but if I make you then I call it your home, please remember that my aim and wish is to obtain the greatest good for the greatest number of our citizens.

RESPECTFULLY,

Clifton Saucier

all-star play

Bay St. Louis Dingo All-Stars wrapped up a three-game series with a three-bagger with two aboard providing the Bay with the winning margin.

Winning pitcher was Randy Williams who won the route giving up 5 hits, striking out 11 and walking none. Loner was Baraco who gave up 8 hits, fanned 11 and walked 2.

First baseman Tim Favro contributed a double and a single. Alvin Lohmeyer went 1 for 3, Randy Kramley 1-1, Dale Lander 1-3, Dave Kenny 1-3 and Williams 1-2.

An almost unbelievable throw by Kramley from right field to third base, putting out the runner, slipped a strong Picayune threat in the last inning.

The Boys were scheduled to play Picayune's National League All-Stars there Tuesday night.

**PLANK # 5
PROTECTION FROM THE
RAVAGES OF HURRICANE**

A few months ago, I submitted to the Corps of Engineers a plan for a means of protecting us from water damage due to hurricanes. This plan called for sand barrier islands located about two miles off shore extending from Point Clear Gulfport. These islands would not only protect us but also enhance the value of all property now subject to damage. These islands would give us almost unlimited potential for the development of water sports, boating and fishing. Tourist attracted here would bring millions of dollars into our economy to the benefit of every citizen in the county.

I HAVE BEEN INFORMED THAT MONEY FOR A FEASIBILITY STUDY OF THE PROJECT HAS BEEN INCLUDED IN THE CORPS OF ENGINEERS BUDGET NOW BEFORE CONGRESS.

I would best be in a position to see this project through to its completion as a county supervisor.
